

Ian Frame receives AWA Life Membership

At the AWA and AGGA conference, Ausfenex, held on the Gold Coast in September, Ian Frame was recognised for his contribution to the window industry.

Ian has worked in the Australian building industry for 42 years and was the Executive Director of the Australian Window Association since its foundation in 1992 until 2008. Ian oversaw the 7 year development of the Australian Window Standard AS2047-99 and its call up into the Building Code in 1999; the introduction of the NATA endorsed AWA Accreditation Program and the development of the Window Energy Rating Scheme (WERS), launched in 1996.
